Message from Head of School

LaGrange Academy Family,

Exciting things are happening at The Academy! You can feel the momentum building all across campus our students are shining academically, creatively, and athletically, and their dedication and spirit have never been stronger.

From the Walk Through History Living Wax Museum to the upcoming production of The Little Mermaid, our students are rising to every challenge — in the classroom, on the stage, and on the field. And with upgrades underway in the gym, we're investing in spaces that reflect the strength and heart of our LaGrange Academycommunity.

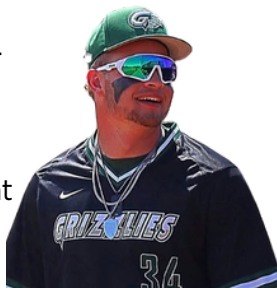

It's inspiring to see our students and faculty thriving. The energy on campus is real — and this is just the beginning.

Sincerely,
John M. Mehaffey, Ph.D.

THE ACADEMY REVIEW

Read Across America

During Read Across America Week, our upper school students took time to connect with our lower school students, sharing stories and building bonds. Older lower school students also had the opportunity to read to our Kindergarten and Pre-K students, helping to foster a love of reading from an early age. It was heartwarming to see our students come together, building confidence and creating lasting memories through the joy of reading.

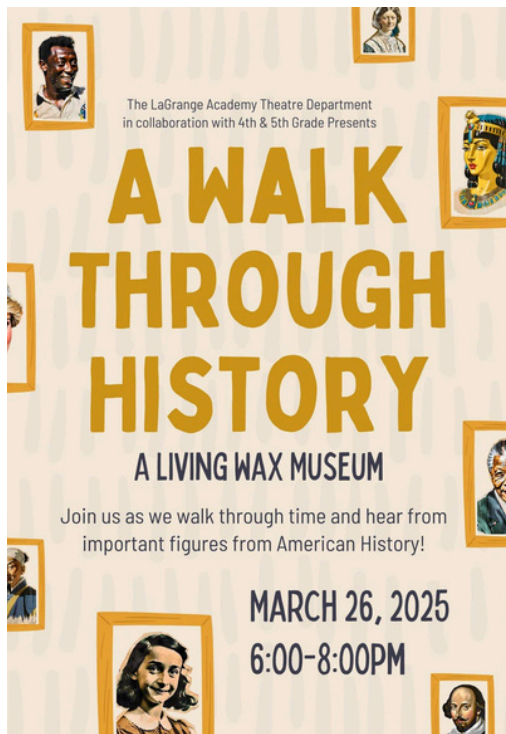

A Night At The Aquarium

Our 5th graders continued a beloved tradition with an overnight trip to the aquarium! They had the unique experience of sleeping under a massive fish tank and got a behind-the-scenes look at how the aquarium operates. It was an unforgettable adventure filled with learning and fun!

A Walk Through History

On March 26th, our 4th and 5th grade students brought history to life with A Walk Through History — and it was incredible!

Led by Savanna Hunt, this collaboration between our Fine Arts Department and 4th and 5th grade teachers showcased months of hard work. Students researched, memorized monologues, and prepared period-appropriate outfits to represent their historical figures with impressive accuracy and confidence.

Throughout the event, students were stationed across the lower school, frozen in time until “activated” by a coin from our viewers. Once activated, they came to life, sharing their monologues and bringing history to life in a truly engaging way.

It was a remarkable evening that highlighted our students’ dedication and talent!
